One of my proudest moments was the email exchanges I had with Richard Hall, who was one of the most senior investigators in Ufology. Those who know this field know that Richard went back to the early days of NICAP (National Investigations Committee on Aerial Phenomena) and was actively involved with, in one way or another, most of the major UFO groups in the United States.

Models of the Universe are described and classified into three major categories: Historic, Expanding, and Cellular. It is shown that all expanding universe models violate the cosmic edge and containment principle. The multi-millennium conflict between the two major world views --the changing dynamic universe and the unchanging stable universe-- is highlighted.
