Science Georgia Standards of Excellence Georgia Department of Education March 31, 2016 Page 2 of 4 Physical Science S8P1. Obtain, evaluate, and communicate information about the structure and properties

Science Georgia Standards of Excellence Eighth Grade Standards

Electricity is the set of physical phenomena associated with the presence and motion of matter that has a property of electric charge. In early days, electricity was considered as being not related to magnetism. Later on, many experimental results and the development of Maxwell's equations indicated that both electricity and magnetism are from a single phenomenon: electromagnetism.

Electricity - Wikipedia

Physical science is a branch of natural science that studies non-living systems, in contrast to life science. It in turn has many branches, each referred to as a "physical science", together called the "physical sciences".

Outline of physical science - Wikipedia

Physical Science 8th Graders, be the leaders I know you can be! Physical Science is broken into 3 main units: Astronomy, Chemistry and Physics. The best advice I can give to you is to budget your time properly, don't wait until the last minute (the night before) to get your work done.
