The environmental movement (sometimes referred to as the ecology movement), also including conservation and green politics, is a diverse scientific, social, and political movement for addressing environmental issues. Environmentalists advocate the sustainable management of resources and stewardship of the environment through changes in public policy and individual behavior.

Environmental movement - Wikipedia

The Vermont Department of Environmental Conservation's mission is to preserve, enhance, restore and conserve Vermont's natural resources and protect human health for the benefit of this and future generations.

Welcome to DEC | Department of Environmental Conservation

Environmental engineering system is the branch of engineering concerned with the application of scientific and engineering principles for protection of human populations from the effects of adverse environmental factors; protection of environments, both local and global, from potentially deleterious effects of natural and human activities; and improvement of environmental quality.

Environmental engineering - Wikipedia

0 Principles Of Environmental Analysis HARVESTIME INTERNATIONAL INSTITUTE This course is part of the Harvestime International Institute, a program designed to equip believers for effective spiritual harvest.
