IXL - Melrose Public Schools

The difficulty with fractions has to do with two major factors. (1) There are so many rules to learn that students get mixed up with them. (2) Fraction arithmetic needs to be taught using visual models so that students will get a firm grasp of the CONCEPTS before memorizing the various rules. Lastly you will find links

to my free fraction videos and to self-teaching fraction books.

Why are fractions so difficult to learn? - Homeschool Math

Create an unlimited supply of worksheets for equivalent fractions, with or without visual pie models (grades 4-5)! The worksheets can be made in html or PDF format -- both are easy to print. You can also customize them using a generator.
