A documentary film is a nonfictional motion picture intended to document some aspect of reality, primarily for the purposes of instruction, education, or maintaining a historical record. Such films were originally shot on film stock—the only medium available—but now include video and digital productions that can be either direct-to-video, made into a TV show, or released for screening in ...

Documentary film - Wikipedia

A natural history film or wildlife film is a documentary film about animals, plants, or other non-human living creatures, usually concentrating on film taken in their natural habitat but also often including footage of trained and captive animals. Sometimes they are about wild animals, plants, or ecosystems in relationship to human beings. Such programmes are most frequently made for television ...
