

jan 09 biology f211 pdf

Easy to abstract water by direct pumping Water can be treated after use and put back into a river Dams and reservoirs can be used for hydroelectric power Reservoirs can be used for recreation Renewable as there always is precipitation however countries with hot arid climates don't have access to ...

Advantages and disadvantages of surface water supply

The lungs are located in the chest on either side of the heart in the rib cage.They are conical in shape with a narrow rounded apex at the top, and a broad concave base that rests on the convex surface of the diaphragm. The apex of the lung extends into the root of the neck, reaching shortly above the level of the sternal end of the first rib.The lungs stretch from close to the backbone in the ...
