Why a Scientific Format? The scientific format may seem confusing for the beginning science writer due to its rigid structure which is so different from writing in the humanities. One reason for using this format is that it is a means of efficiently communicating scientific findings to the broad community of scientists in a uniform manner.

In last week's report about uitable sorting, I offered a report that I have written which covers uitable customization in detail. Several people have asked for more details about the contents of this report. This is a reasonable request, and so in today's post I will discuss in a bit more detail the highlights of what can be achieved to customize Matlab uitable.
