Page 1-5 Managerial Accounting Basics Managerial accounting, also called management accounting, is a field of accounting that provides economic and financial information for managers and other internal users. Managerial accounting applies to all types of

Accounting Principles 8th Edition - MCCC

Accounting information is general purpose and should be designed to serve the information needs of all types of interested parties. To be useful, information should be helpful in assessing an entity's economic resources, claims against resources, and what causes changes in resources and claims.

Objectives And Qualities Of Accounting Information

Page 8-3 study objectives 1. Compute a target cost when the market determines a product price. 2. Compute a target selling price using cost-plus pricing.

Accounting Principles 8th Edition - MCCC

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...
