Marketing Management, 14th Edition - Pearson

A marketing intelligence system is a set of procedures that collect everyday information about developments in the market. The system supplies results data, but the marketing intelligence system itself does not collect the data. Marketing managers collect marketing intelligence from books, newspapers, and trade publications; from monitoring social media on the Internet; and from meetings.

Kotler Keller - Marketing Management 14th Edition - PDF

We see marketing management as the art and science of applying core marketing concepts to choose target markets and get, keep, and grow customers through creating, delivering, and communicating superior customer value.
