Microbial Genetics - Microbiology Questions and Answers

a. About Reviews. Trends in Microbiology Review articles form the core of each monthly issue and are invited from leading researchers in a specific field. These articles offer a balanced account of newly emerging or rapidly progressing fields and provide a guide to the most relevant recent literature and prospects for future research.

Cell Press: Trends in Microbiology

Conflicts of interest. You must declare any potential conflicts of interest in the article. A conflict of interest may exist when your interpretation of the results or presentation of information may be influenced by your personal or financial relationship with other people or organisations.

Microbiology Society Journals | Information for authors

The American Board of Medical Microbiology (ABMM) certifies doctoral-level microbiologists to direct medical and public health microbiology laboratories.

About ABMM - American Society for Microbiology

Multiple sclerosis (MS) is an immune-mediated inflammatory disease that attacks myelinated axons in the central nervous system, destroying the myelin and the axon in variable degrees and producing significant physical disability within 20-25 years in more than 30% of patients. The hallmark of MS is symptomatic episodes that occur months or ye...
