SPM Physics Form 4/Form 5 Revision Notes

Physics Form 4: Chapter 2 - Newton First Law of Motion (Inertia) Inertia is the tendency of an object to remain in its state. of rest or of uniform motion in a straight line. Law of inertia is also known as Newton's First Law of Motion Newton's First Law of Motion state that an object will in its state of rest or of uniform motion in a straight line unless it is acted upon by a net external force.
