The only chance of a lossless conversion from PDF to XML is to use a target XML vocabulary which has the same view of documents that PDF has. Since PDF's view of documents is focused primarily if not exclusively on presentation, and the usual motivation for the design of XML vocabularies like Docbook is to capture higher-level abstractions, you face two difficulties: (1) presentation-oriented ...

However, if you are discussing, for example, the historical context in which the episode originally aired, you should cite the full date. Because you are specifying the date of airing, you would then use WB Television Network (rather than Mutant Enemy), because it was the network (rather than the production company) that aired the episode on the date you're citing.
