Unit 4 : Ecosystems -6- www.learner.org (for more details, see Unit 3, "Oceans"). The distribution of temperature, light, and nutrients set broad conditions for life in aquatic biomes in much the same way that climate and soils do for land biomes. Marine and freshwater biomes change daily or seasonally. For example,

in the intertidal zone where

Unit 4 : Ecosystems - Annenberg Learner

Biomes In Chapter 6, you learned about seasons, wind, ocean currents, and weather patterns. All of these elements work together to produce different climates in different parts of the world. In this chapter, you will learn about climates and climate regions called biomes. Earth has six major biomes that have particular plants and animals.

Chapter 16 Biomes - tclauset.org

Biome Map Coloring Worksheet Often biologists group the different natural areas on Earth into categories based on plant and animal life and how they are able to survive in that part of the world. These are called biomes. Grouping organisms into biomes help us to better understand the complexity of life on Earth.
