Description An indispensable guide to dealing with challenging, childish boss behavior and building a great career, with laugh- out-loud humor built in. Based on extensive interviews among workers, managers and psychologists, Tame Your Terrible Office Tyrant, draws hilarious but true parallels between toddlers and managers. When under stress, both often have trouble moderating their power ...

The absorption of electromagnetic radiation by water depends on the state of the water.. The absorption in the gas phase occurs in three regions of the spectrum. Rotational transitions are responsible for absorption in the microwave and far-infrared, vibrational transitions in the mid-infrared and near-infrared. Vibrational bands have rotational fine structure.

A wicked problem is a problem that is difficult or impossible to solve because of incomplete, contradictory, and changing requirements that are often difficult to recognize. The use of the term "wicked" here has come to denote resistance to resolution, rather than evil. Another definition is "a problem whose social complexity means that it has no determinable stopping point".
